

Merlin Stealth two-zone keypad

EE-M2ZKP

The Merlin Stealth energizer can also be controlled and programmed with the optional LED two-zone keypad. The energizer can be installed near the fence and the keypad can be located where it is most convenient for the user

Features:

- Up to four keypads can be connected to one energizer
- The fence voltage outputs can be adjusted using the keypad
- The siren and gate outputs can be bypassed using the keypad
- The single zone keypad can be used with any of these energizer models: M25S, M28S, M28S-X
